## WNTC Program For Thanksgiving

On Monday evening, November 22, from nine to eleven, Campus Station WNTC will present a special program for Thanksgiving. This program, consisting of two plays, "The Glory of Thanksgiving", and "Thanks for Thanksgiving", were written by Paul Keyes, continuity writer for the Yankee Network in Boston, and are being used with his special permission.

Mr. Keyes is well known to many servicemen for his work with the Armed Forces Network in Munich, Germany, where he wrote and produced "The Vocal Touch", a popular nitely feature broadcast by the Munich station. The shows being used Monday night were originally written by Mr. Keyes for use in the European Theater of Operations, and were broadcast from the Armed Forces Network studios in Munich, the most powerful armed forces radio station in the world.

Arrangements have also been made with Mr. Keyes to use the scripts of his show "Over and Out", and these programs will be heard in the near future over the Campus Station.

## Dance Successful; Vic Hop Planned

The WNTC Sadie Hawkins' Day Booster Dance, held last Saturday night in the Potsdam Civic Center, has been declared a success by Charlie Mueller, Chairman of the Dance, and by the numerous gay dancers who were present. The dance, which had as its theme, the yearly event familiar to all readers of Al Capp's "Li'l Abner", was attended by over 550 persons, and while no financial figures are available as yet, it is expected that sufficient funds were realized to purchase much needed equipment for the station.

Contributing to the dance's success were the complimentary services of the three orchestras, Don Gero, the Pastels and the Varsity. Also aiding, were the very capable chaperons, Dr. and Mrs. William Trauger, Mr. and Mrs. Robert John McGill, Mr. and Mrs. David Schaal, Mr. and Mrs. Alan Lafley, Mr. and Mrs. Loren Edwards, and Mr. and Mrs. J. Stewart.

In expressing his appreciation of the dance's success, Charlie Mueller extends his thanks "to all those who worked for the dance committees, to the students in general, who co-operated to the utmost, to the bands, and to those who attended the dance".

At the moment, plans are being formulated for a Winter WNTC dance at which all holders of booster tickets will be admitted without charge. Of the ever-popular "vic" variety, the dance will once more be held in the Civic Center.
